SUPPLEMENT TO 25X1A REPORT NO.

- 25X1A 1. Between all civilian cargo shipments were discontinued on the Canton-Hankov railroad, and the line was used exclusively for the transport from Canton to Kukong, Changsha and Hankow of files, documents and equipment of Canton military and administrative agencies. The railroad is repaired as far as Liangtien (112-59, 25-35).
 - On orders from the South China Bureau, the Canton Military Control Commission continued to evacuate industrial plants in Canton to other areas. Parts of the following installations have been moved:
 - A textile mill to Pinghsiang (113-50, 27-37).
 - A paper mill to Chinkou (114-07, 30-20).
 - A cement plant to Paishihtu, Lochang (113-18, 25-08).
 - Heavy equipment which cannot be moved, including that of the water and nower plants and telephone commany, has been ordered destroyed.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 19 Cotober 1978 from the Director of Central Intelligence to the Archivist of the United States.

Next Review Date: 2008
